

FIBER STOOL – TUBE BASE

FURNITURE / LIGHTING / ACCESSORIES

PRODUCT FACT SHEET

ISKOS-BERLIN ON THE DESIGN ISKOS-BERLIN ON THE DESIGN “One of the most difficult and noble disciplines is to design with-out eccentricity. To create simple, well-functioning, almost ordinary objects that nevertheless have strong identities. We designed FIBER Chair to do just that with a clear sculptural language that refuses to compromise on comfort. It’s a chair stripped of all unnecessary layers. The iconic form marries soft, embracing curves with an innovative wood fiber composite, giving FIBER Chair a distinctive tactile texture.

PROCESS

The wood fiber and plastic blend is injected into the mold, forming the stool’s shell. The steel tube base is CNC-bent and powder coated.

DESIGNED BY / YEAR OF DESIGN

Iskos-Berlin / 2017

TYPE

Stool

DESCRIPTION

An intuitively attractive and characteristic stool that works as an extra chair in your dining room, living room, bedroom or in the hallway.

ENVIRONMENT

Indoor

DIMENSIONS (CM)

CM: H: 46 cm / W: 45 / D: 35,5 / SH: 45
Inches: H 18” / W 17.75” / D 14” / SH 17.75”

MATERIAL

Shell consists of a wood and plastic composition with up to 25% wood fibers. Silk leather from Camo Leathers. The Fiber Chair family is partly made from a natural material - variations in color can occur.

Textile or other leather upholsteries available made-to-order.

CLEANING INSTRUCTIONS

Clean with a moist cloth. If necessary use a little dish soap on the cloth.
For leather upholstery versions: Clean the leather with a dry cloth regularly. Treat the leather at least four times a year, using only special leather treatment products for aniline leather.

TESTS & CERTIFICATION

L2: Extreme use: E.g. in night-clubs, police stations, transport terminals, sport changing rooms, prisons, barracks (non-controlled areas).

ABOUT THE DESIGNER

Iskos-Berlin is a Copenhagen-based design duo that has made international headlines within furniture, industrial and graphic design. The studio, formerly known as Komplot Design has collaborated with some of the World’s most prestigious manufacturers and their furniture, lighting and other design products are exhibited at numerous design museums around the world including MoMA and Designmuseum Denmark.
